Town Planner Report

Town Planner Richard Serra presented a draft of the flyer for a 30 to 60 minute informational presentation by HOPE Partnership at the Commission's October meeting on October 20, 2015, 7:00 p.m. HOPE Partnership recently realized their first project, constructing an affordable workforce housing development in Old Saybrook. The purpose of the presentation is to introduce and provide residents with information regarding the company and their proposal and to gain initial feedback from the public. Further information regarding the company is available on their website. Ideas for publicizing the session were discussed, including the bulletin board at Two Brothers and other postings throughout the Town, the Town's News & Announcements e-blast, and word of mouth.

A traffic counter has been installed on Music Vale Avenue to compile data for a traffic study. In accordance to State Statutes, a Regional Plan of Conservation and Development, to be updated every ten (10) years, is being created. He presented the Commission with a rough draft of the Land Use Map, one of the components of the Plan, which will reflect the development pattern and density of the Town. The Map, once completed, will be posted in Town Hall. The Plan is slated for completion in 2017.
